On Wednesday 5-5-93 states that he was at Michele Smith's house (N. 14th - Richie Martin's house) (S. 10th - Richie when Michele's brother Bitt got a call from Ryan stating that they couldn't find the brother. This was about 8:45 p.m. - 9:00 p.m. States he and Richie + Bitt drove to the dead end of Goodwin (Robin Hood Hills entrance) and told Bitt to stay in the car. He + Richie went into the hills and were walking the trails - it was dark and they did have flashlights - states that they were yelling Chris' name. States that about half way through the trails they heard what sounded like a gun shot - states that it could have been a vehicle backfire. States that when they got to the pipe - half way across they stopped and shined the light into the water - didn't see anything so they crossed - went across the one path a followed it to the water. Yelled Chris' name a couple more times. Told Richie that they needed to turn around and get out of there. Left the woods and walked over to the Blue Beacon and asked 2 B/ins that were working if they had seen or heard anything out in the woods. States that they had not and that the parents had already been there asking.

Left Blue Beacon and crossed back over the pipe. Saw the people who live in the house on the corner of Catt + McKinley and went over and introduced themselves so they wouldn't think that
